The Work Foundation is located in the heart of Westminster. It is just next to St. James's Park tube station and five minutes away from the park. Our rooms provide flexible accommodation and have the ability to facilitate many different layout styles depending upon the scale of your event. The entire suite can be hired and is perfect for any event requiring separate rooms for syndicates, committees, break-out sessions and private discussion all within a self contained, ground floor unit. In addition to our four fully air conditioned meeting rooms we have a lounge area which is ideal for lunch and coffee breaks.
